

# ASTR 106

## Descriptive Astronomy

Summer Session II (6/29 - 8/07)

M-F 1:00pm - 2:15pm in White Hall G09

Learn about the scientific process, the history of astronomy, the solar system, the Milky Way, the Universe, and your place in it! This is a descriptive course, with no math requirements.

Please contact [maura.mclaughlin@mail.wvu.edu](mailto:maura.mclaughlin@mail.wvu.edu) with any questions.

**This course satisfies three GEC science credits.**
